BEQUEST GIFTS ARE JUST LIKE PEOPLE

A bequest gift can take many shapes and can be an infinite number of sizes. What matters is that it fits you and your unique family and financial circumstances.

Any Shape
You can structure your bequest to leave a specific sum of money. Or you might decide to direct a percentage of your assets—it can be all or just a portion—to the Southwestern Vermont Health Care Foundation after you have provided for your family. And when you are uncertain, you can even make the bequest contingent on certain events occurring (or not occurring).

Any Size
Many people think that bequest gifts have to be large. Nothing could be further from the truth! All sizes of bequests have been received by the SVHC Foundation and are greatly appreciated. Modest gifts, when added together with those from other donors, can have a big impact. What matters is that you pick the size that works for you and your family.

If You Would Like to Remember the SVHC Foundation
Here is some sample wording to share with your attorney:

“I give to Southwestern Vermont Health Care Foundation, or its successor, Federal Tax Identification 03-0179435 [insert here the dollar amount, piece of property, or percentage] for its general purposes.”

We Can Help
Contact SVHC Foundation at 802-447-5017 or foundation@svhealthcare.org with any questions about naming SVHC Foundation in your estate plans.
